Move On Philippines International, Inc. is pleased to help Apolandia Elementary School with a box of pre-owned books (textbooks, reference books, library books). Move On Philippines believes that children are the future of the country. Therefore, it is the duty of every citizen to make sure that young people receive good education to help prepare them for the future. I hope this small donation benefits the students in a small way.

To the students of Apolandia Elementary School, you are the most precious resource of our nation. For our country to have a brighter future, the light of knowledge and wisdom is being passed on to you in the form of books. Cultivate a habit of reading because it will help you learn so much about you and the world around you. Study hard, persevere in times of difficulties, and set goals for the future. Most importantly, always look for opportunities to be of service to others.

To the teachers, we thank you for your dedication to teaching in spite of the many difficulties that you face. Teachers play a major part in shaping the hearts and minds of students. We commend you for your tireless efforts and wish you great success in your very important role.
